

Work With Client Photos

This program provides users with the ability to see a log of a service coordinator's caseload and direct access to their photo if provided.

Users can find the **Work with Client Photos** under the **Clients/CDERS - UPD** menu. Click on the + sign to display the available option and select **Work with Client Photos**.

Enter the Service Coordinator's name to display their caseload. To filter through clients with or without photos, Click on the w/Photos or No Photo buttons above the columns.

A screenshot of a search interface. It features a "Service Coordinator" field with the text "SDA" and a search icon, followed by the name "BALISTRERI, ANNA". Below this is a "Client #" field with a search icon. At the bottom, there are three radio button options: "All Clients" (selected), "w/Photos", and "No Photo".

Double click to enter their primary info screen, or right-click and press Show Photo to display a client's photo. Basic information such as UCI, Name and Status is displayed along with Date Photo Uploaded, which is when the photo was uploaded into SANDIS.
